

## - Builder and Roofer Wanted -

To complete construction of the cabin shown in the picture below.

### **Building Job:**

The building job consists of completing some minor framing work, sheathing and siding the building and installing windows and doors.

The target date for completion of this work is May 15<sup>th</sup> 2012.

### **Roofing Job:**

The roofing job involves re-building the rear half of the roof to include conventionally framed, shed roofed dormers then complete installation of the engineered roofing material shown in the picture on the back of this page.

The target date for completion of this work is June 30<sup>th</sup> 2012.

**Job Site:**

The job site is a remote (bush) location off the Old Hastings Road north of Millbridge. It is accessible via an un-maintained road allowance that has been upgraded so that it is seasonally passable for 2wd vehicles.

Each job will be contracted separately. Property owner will supply materials but contractor is expected to supply own tools, equipment and labour.

Deadline for inquiries is March 15th 2012.
